SUBJECT: MANAGEMENT AUTHORITY FOR CWS/CMS, SACSS, SAWS, AND SFIS

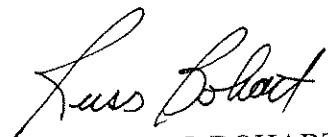

Effective May 1, 1995, the Health and Welfare Data Center (HWDC) took over management authority for the California Department of Social Services' (CDSS) Child Welfare Services/Case Management System (CWS/CMS), Statewide Automated Child Support System (SACSS), and Statewide Automated Welfare System (SAWS) projects. HWDC will also manage the planned statewide implementation of a Statewide Fingerprint Imaging System (SFIS) based upon the success of the Automated Fingerprint Image Reporting and Match (AFIRM) Administration Project in Los Angeles County.

This transition allows HWDC to contribute its considerable technical expertise, knowledge, and background to the completion of the projects. Also, the change allows CDSS to focus on policy direction and program areas.

There are many challenges ahead before full implementation of CWS/CMS, SACSS, SAWS, and SFIS. You have the CDSS and HWDC Team's commitment to continued progress. If you have any questions, please contact Ron Joseph, Acting Chief Deputy Director of CDSS, at (916) 657-2598 or Gerri Magers, Chief Deputy Director of HWDC, at (916) 739-7500.
